

## January 28, 2018 Sierra Leone Travel Team Update

The team made it to Freetown!

*Herb:*

*Today was our long trip from Mattru to Freetown. After an hour delay outside of Freetown, we all arrived safely at Roy's hotel between 4 & 5 PM. Laretta Will invited us all to dinner at her home, and we all enjoyed a delicious dinner. She also invited the local news and we were interviewed for a story in the local newspaper. Tomorrow, we head home.*

Laretta Will and Joe Abu were the CeOSA members here in the USA that originally got EWB-LVP involved at Centennial. Raised in Mattru, she eventually moved to the the US and taught computer science for many years there. Laretta now spends most of the year in Sierra Leone where she runs a school and works on her many causes. Laretta is a true force of nature, tireless in her efforts to improve the lives of those less fortunate.

Laretta and Joe
